Please inform your server if anyone in your party has an allergy.

Honoring The Craft The wooden peel is a paddle-like tool that has been part of mankind's culinary traditions for thousands of years. Its humble beginnings allowed bakers to launch and retrieve breads, pastries and pizzas from deep within an oven's fire. The peel is the most important tool of our trade. At Peel Pizza Company, the peel represents the pride, craftsmanship and artisan spirit with which we make pizzas.
